

TECHNICAL NOTES 2016-2015 VINTAGE

The 2015 Vintage was one of the most surprising vintages. I ended up harvesting 30% of our regular crop due to shatter, which occurred mainly on our Cabernet Sauvignon, but also on our Syrah and Petit Verdot. By no means did this affect the quality of our wine, but it did affect the quantity significantly. What surprised me the most about this vintage was the fact that I was expecting a more “early, hot year” California style vintage but instead got quite the opposite. In terms of style, the wines reflect more a “cool year” vintage which means more complexity and spiciness and not so much on the power. You will find these wines beautifully structured, full bodied, with a very nice, long finish. - Stephan Asseo
